

Confirmed Cases: 4

Information in light of the recent developments of the novel coronavirus, COVID-19, in Kagoshima prefecture.

A fourth patient of the novel coronavirus, COVID-19, has been confirmed to be positive in Kagoshima prefecture.

1. Details about the patient:

Gender: Male

Age: 10s

Main Residence: Kagoshima City

2. Current Symptoms

Currently hospitalised in a designated hospital for sufferers of COVID-19. No symptoms

3. Past travel history:

3rd April

Rode the Shinkansen and used taxis to travel from Fukuoka to Kagoshima City (wore a mask during travel)

7th April

Since it turned out that one of his family in Fukuoka was infected with COVID-19, he spoke with the prefectural agency for outpatients and those who have returned from other countries to determine whether he had contracted COVID-19.

8th April

Examined by prefectural agency for outpatients and those who have returned from other countries and confirmed positive.

We are currently in the process of identifying those who may have had close contact

We would like to ask for your understanding in the limited information we have disclosed in regard for the patient's personal privacy. Thank you for understanding.
